

# Local Organizations

---

**Gillette College** – We work with Gillette College and their Foundation often, most recently on the Higher Education Task Force and as a conduit to local businesses to identify training needs.

**Small Business Development Center** – Energy Capital ED works with SBDC as a primary partner to assist entrepreneurs and to help them grow and succeed.

**Campbell County Chamber of Commerce** – We regularly work with the Chamber to maintain a solid connection to retail businesses in the community.

**Campbell County** – The Campbell County Commissioners provide guidance, direction, and input in growing, diversifying, and building our community, as well as annual funding.

**Campbell County Convention & Visitors Bureau** – We work with CCCVB because visitors to our area are an important part of our economic development strategy to broaden and diversify our economy.

**Gillette Main Street** – This partnership provides an important connection to businesses on Main Street.

**NEW Growth Alliance** – Described within our brochure, this partnership with Sheridan, Buffalo and other Northeast Wyoming communities works to recruit and attract new business to the Northeast Wyoming.

**City of Gillette** – The Gillette City Council provide guidance, direction, and input in growing, diversifying, and building our community, as well as annual funding.

**Manufacturing Works** – This partnership brings important engineering and training support to manufacturers and provides support and assistance to grow, retain and attract manufacturing businesses.

**Workforce Development** – We collaborate with businesses to identify workforce and training needs.

# Statewide Organizations

---

**Wyoming Business Alliance** – This membership provides a statewide connection to businesses and industries important to Wyoming, and is a strong partner in advocating to the Wyoming Legislature to grow, broaden, support, and diversify our economy.

**Leadership Wyoming** – This alliance provides a connection to leaders, growers, movers and shakers around the state.

**Wyoming Business Council** – An important source of funding for economic development, the WBC is Wyoming's primary economic development agency working to grow and diversify our economy.

**University of Wyoming** – We work with UW to identify training needs and opportunities for UW in Campbell County, in addition to developing partnerships for research.

**University of Wyoming School of Energy Resources** – Through this strategic alliance, we work to bring advanced carbon products businesses and research to Campbell County.

**Wyoming Governor's Office** – We regularly work with the Governor's Office to advocate for projects and local businesses and on diversifying our economy through the ENDOW initiative.

**State Loan & Investment Board** – We advocate to the five highest elected officials in the state for funding and resources to diversify our economy and for economic development projects.

**Wyoming Economic Development Association** – This group works with economic development organizations to identify ways to better retain, attract, and diversify our economy.

**Wyoming Infrastructure Authority** – Our alliance with WIA focuses on adding value to our existing mineral resources through partnerships on projects like the Advanced Carbon Products Innovation Center and the ITC.
