The first discussion held on February 26th, in Cheyenne during the WEDA conference was well attended and we appreciated those who were able to participate and share their comments and ideas. Please contact the UW Office of Engagement and Outreach at engage@uwyo.edu for information on that session or to provide feedback if you were unable to during the session.

All sessions are available for in-person attendance, via Zoom, or by phone. To call in dial (669) 900-6833 and use the Meeting ID listed with each individual session.

Purpose and Goals of the Economic Partner Discussions

These partner discussions are an opportunity for the Wyoming Business Council and UW's Business Resource Network to listen and learn from our economic development partners. We will clarify expectations, assess needs and improve our services. Increasing communication across partnerships, clarifying our roles and shared objectives and developing services that clearly meet the needs of business, industry and our partners is critical to our success. We expect to produce a set of recommendations from these partner discussions, which will be shared with the participants and used to guide our actions and services going forward.

Thank you for taking the time to participate in these upcoming sessions. For questions, contact the UW Office of Engagement and Outreach at 307-766-5202 or engage@uwyo.edu.
